

DAMPPROOFING MEMBRANE

MAR-FLEX DAMPPROOFING ASPHALT

Heavy-bodied dampproofing

Mar-flex Dampproofing is a heavy-bodied cut-back asphalt emulsion protective coating used when dampproofing is required. It forms a smooth, tough, almost rubber-like film when dry. Mar-flex Dampproofing has a moderately good resistance to temperature changes, is flexible at low temperatures, has excellent weatherability and resists water penetration.

Mar-flex Dampproofing (Water-Based)
BGD-36120
5 Gallon Bucket
Each or 36/Pallet

Mar-flex Dampproofing (Water-Based)
