- Feature a Limited Lifetime Warranty\*\*
- •Comes in 2 designer colors to coordinate with Rhino & Stonewell™ Emergency Exit Window Wells...Granite and Sandstone
  - \* Recommended option

## **Installation Tips**

Step 1:Dig out and remove existing window well if present.

Step 2:Connect your perimeter drain system to window well. If no perimeter drain is present, fill in base of hole under and around window well with a minimum of 6"-8" of pea gravel.

Step 3: Center the window well and level to desired depth.

Step 4:Use a hand-held drill and (8) mechanical fasteners or Power Actuated Fastening System with (8) ballistic point pins and metal washers to secure window well to foundation wall. (NOT INCLUDED)

Step 5:It is recommended to use a quality polyurethane sealant around edges.

Step 6:Grade or backfill to desired height around window well.

Step 7:Install window well cover\* by simply sliding over the top until it snaps over the front and into the (3) slots.

\*\*Product will be replaced upon discovery of Manufacturer defect

\*Sold separately

Inside Width at Bottom: 37" or 39.5"
